Rock Drilling Tools

SONIC FLOW

ROK 650M TECHNICAL FEATURES

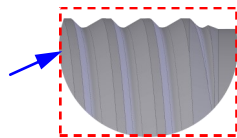

- 6 inch Class DTH Hammer -

- SonicFlow air technology promotes lean hammer design
- Same low air consumption as in ROK "A" series hammers
- Suited for easier Bit/Driver Sub disassembly
- Ideal for single-pass drilling

Driver Sub:

- New triple lead thread—easier to thread/unthread
- Allows for in-hole Driver Sub / Bit break-out

Wear Sleeve:

- Same Outside Diameter as ROK 650 series hammers (Ø5.858" / 149mm)
- Long wear life
- Heavy duty design

Mining—Quarrying—Blast Hole

Top Sub:

- Double lead thread
- Allows for greater retention in the hole
- Features back reaming buttons

Available threads:

- 2-7/8" API Reg Pin
- 3-1/2" API Reg Pin
- 3-1/2" API IF Pin
